## ***KASBAH Hits The Air Waves***

*KASBAH would like to say a big 'Thank You' to our member **Bill O'Hara** who works as a volunteer for Medway Hospital's Radio Station. Bill kindly arranged for Emma Carver, Christine Cunningham and **Kasbah Volunteer, Jodie Smith** to attend an interview with DJ Ian James to promote awareness of KASBAH.*

*Emma, Christine and Jodie were made to feel like celebrities during a question and answer session, which covered all aspects of the services that Kasbah offers, including the Advisor Service, our Independent Living Project, Seabrooke House and our Supported Living Project, Hattie Webb House.*

*It was fascinating to be given the opportunity to see what goes on behind the scenes of a Radio Station, and to be made to feel so comfortable and welcome. Thank you to both Bill and Ian for being so gentle with us.*

*If you would like to hear the interview please log on to the Kasbah Website:*

## ***OUR AGM IS ON THE HORIZON !***

It will soon be the end of the administrative year and we are looking for a suitable, easily-reached and wheelchair accessible building where we can hold our AGM, which we hope to hold some time in June. An indication of your preferences regarding a weekend or weekday meeting, morning, afternoon or evening etc would also be very helpful.

Do you have any suggestions for a venue in your area, or any comments on this plan? If so, please send us your venue suggestions and comments so that these can be taken into consideration as soon as possible.

Members who wish particular items of business to be included on the agenda for discussion by our members should send in these agenda items as soon as possible. A deadline for receipt of agenda items will be announced in a future issue. Please give these matters your earnest attention.

# WHAT'S HAPPENING AT KASBAH?

## Hattie Webb House

Hattie Webb House hopes that you all had a fantastic Christmas and a great new year. It was very quiet over the festive season, and now we are in 2009 we aim to continue to grow and promote Hattie Webb House.

We currently have two supported living vacancies. One room is on the ground floor and would suit a wheelchair user, the other is on the first floor occupying two living space rooms, which would suit a non wheelchair user.

We now have three day service users and are able to take on more. The day service is to promote independence to those that would like to remain living where they currently are but need some support and guidance.

We have had 2 respite clients over the last year that have truly benefited from receiving our support.

Dawn Varley, Support Co-ordinator

*For further info please contact Dawn Varley,  
Support Co-ordinator, on 01634 404468  
or [hattie-webbhouse@kasbah.org.uk](mailto:hattie-webbhouse@kasbah.org.uk)  
or Emma Carver at the KASBAH main office.*

## Seabrooke House

Three people have moved out and are now living independently. Seabrooke House now has two new residents who have settled in nicely.

Staff and residents are embarking on a New Year healthy living regime; we are all now eating fruit and vegetables in abundance and Fridays will now be 'Fitness Fridays', where we will be taking fresh air and exercise.

Congratulations to Claire Armstrong who has successfully secured a work placement with 'Branches Out'.

We would like to wish Fiona Harward good luck in her new work placement at Oakfield Nursery.

Rosie Penfold recently completed an ALL NIGHT sponsored row to raise money for her youth club.

Read all about her efforts below.

Becky Glibbery, Team Support Leader

## ROSIE ROWS TO SUCCESS

*Rosie Penfold, a service user at Seabrooke House, is a part of Northfleet Youth Centre, whose members are taking part in a youth exchange with Finland as part of a planned cultural activity programme.*

*Since September 2008 Rosie has been working towards going to Finland to spend a week with Finnish Youth Centre students, who will fly over here in July to spend a week with the British group.*

*Rosie took part in a 24hr 'row to Finland' using a rowing machine to raise funds towards the flights. All participants rowed for 20 minutes at a time throughout the night, but only managed to get 'half way' as the rowing machine kept breaking down, much to the amusement of everyone taking part.*

*Rosie will be jetting off to Finland on the 14<sup>th</sup> February 09, and will be treated to a Valentines Disco on arrival.*

*Rosie said "I'm really, really excited and I can't wait; I'm looking forward to learning a new language while I'm there". We wish her every success.*

## TRUSTEES STILL NEEDED URGENTLY!

If you have skills or experience that can and will benefit KASBAH, and would be willing to become a trustee, (training may be available) please write a short summary about yourself and send it via the KASBAH office to Betty Hague-Smith, Chair of KASBAH.

## CHRISTMAS SMILES

Thanks to all who nominated someone to receive one of our 'Christmas Smiles' awards.

There was a good response and we think that we were able to put a smile on quite a few faces as a result.

## Your Feedback on Normal Pressure Hydrocephalus

Thank you to everyone who responded with feedback to the article in our November 2008 issue regarding NPH (Normal Pressure Hydrocephalus) & Hydrocephalus in the over 60's.

It has been quite difficult to ascertain an accurate picture of the impact that these conditions have on each individual Service User, but it is apparent that most have some degree of difficulty with balance or mobility.

For those who are 70+ it is difficult to establish if their infirmity is due to the NPH, Hydrocephalus, or to ailments that can be expected at that age.

On the whole, this enquiry has not brought forward the specific information that I was hoping for. I guess it is fair to say that as individuals, each person with NPH or Hydrocephalus has their own unique way in which they are affected.

However, from those persons we are aware of, the research has indicated that there are 21 persons either registered with ASBAH or KASBAH who are over 60 with Hydrocephalus and 14 persons with Normal Pressure Hydrocephalus.

*Many thanks and bye for now.*

*Christine Cunningham  
KASBAH Advisor*

## Direct Payments and Tax Incentives

From Angela Lansley – ASBAH Advisor

The item below appeared in a local families' newsletter. (Thanks to Gaynor of the National Autistic Society). I believe this is a tax incentive for employers with fewer than 35 employees. Does anyone know of anyone who has done this and did he / she receive a cheque in his / her hand? Does it apply to people who don't use a broker but are still small employers?

***"If parents have direct payments for their child/adult and use a broker to do the wages the broker will probably have made the tax return on line. People should contact the broker and ask if their tax return was done on line. If it was, then the Inland Revenue pays an incentive. Parents can ask the broker to contact the IR on their behalf and ask for a cheque to be sent to them at home. The money does NOT have to be used for services as the service user can spend the incentive in any way they like!"***

### Comments:

It applies to all small employers, not just Direct Payments. It is to try to get people to submit their accounts online rather than paper. If you use a broker you would probably not be aware that this incentive was being offered, so it is available to all.

Gill Yaz - Advisor, ASBAH, ASBAH House, 42, Park Road, Peterborough, PE1 2UQ

When I first went back to work, I had a nanny for a while, and we used a payroll company to sort all our taxes out. As they did our return on line, we got the £100, and the cheque was sent directly to us not via the company, so I should imagine it would be the same with a Broker. I understand there is a £75 incentive for the tax year 08 to 09.

# Education Update

from Joanne Grenfell – ASBAH North Education Advisor

Happy New Year to you all!!

2009 has lots of changes and adjustments to do with education so I thought I would list some of the main ones for your information.

1. The Government is encouraging more 1-1 tuition to be available for children falling behind - providing schools can find tutors to provide it!
2. Year 6 SATS tests should go ahead as before but will be carefully watched after last years fiasco. It may be (if it is a disaster again), that an alternative could be single level tests done when the child "is ready", but so far trials have revealed problems.
3. Ofsted has a new inspection framework (again!). League tables may eventually be replaced by the new school report cards.
4. This will be the first year secondary schools will not have to prepare 14 year olds for compulsory national tests (SATS). Teachers will be expected to study further to Masters level if they haven't already! Secondary schools will have to work in behaviour improvement partnerships; school reps will be able to legally physically search pupils - i.e. for drugs/weapons, and the transfer of funding for 16-19 education moves from the Learning and Skills Council to Local Authorities and Apprenticeship schemes. (Let's hope the economic downturn does not affect their availability). Finally, the new exams system moves to OFQUAL, Qualifications Curriculum Development Agency.
5. Special Needs education especially is under the microscope this year, with Ofsted looking into the whole system. The legal information from Local Authorities and schools which parents are entitled to will be re-researched for its quality and availability and from September all special educational needs co-ordinators (SENCOs) will have to be qualified teachers, or be trained to be qualified by 2011; about one third of all secondary schools will have to retrain their SENCOs to gain a teacher qualification.
6. The private sector may well be under extra pressure if its intake declines due to parents' economic concerns, and state schools too are likely to receive less money this year.

## From Our Carers' Advisor

Hello Everyone

I hope you all had a peaceful Christmas and would like to wish you all a happy New Year.

The festive period can be one of the most stressful times of the year. Everyone is busy, but for carers, stress levels are increased significantly. Many carers report that Christmas brings added expense, pressure with essential services being unavailable and help not being there when it is most needed. Carers can often feel isolated and unaware of who to turn to, but somehow, carers do manage to summon the energy and enjoy the festivities whatever their circumstances.

Throughout this month I shall be focusing on three main objectives. I am currently reviewing our database and have compiled and plan to distribute a survey for carers to evaluate the quality of services available and to see how KASBAH can help. I would be very grateful if you could take

some time to complete this questionnaire and return it to the KASBAH office as soon as possible. The results of this survey will be published in the next newsletter.

My second objective is to establish a support group exclusively for carers to allow people to come together, share experiences and help each other out in what are difficult times.

My third and final objective is to organise a "Pamper Session", I will be present if anyone would like to meet and talk to me (Please keep an eye out for details in future issues).

Best wishes to you all and I look forward to hearing from you in due course.

Lynne Mynehan  
Carers' Advisor

# Fundraising News

## MARDEN MISTLETOE MADE US MONEY!

Eunice Doswell, one of our members, arranged for mistletoe to be sold from Stanley's Garage in Marden and raised £73 for KASBAH. Thank you letters went to Mrs Hargreaves for supplying the mistletoe, and to Liz Stanley for selling it. It's lovely to hear that people are so willing to give their time and resources; we rely quite heavily on such donations.

## CHRISTMAS CARD CASH!

Thank you again to the Webb Family. Graham and his family decided not to buy Christmas cards last year and made a generous donation to KASBAH instead - what a fantastic idea!

Graham and his wife Mandy also told their friends and family what they were doing and why, which also raised awareness of our charity and in particular Hattie Webb House.

We are very grateful to all the individuals, members, non-members, business organisations, and charitable sources who have contributed to our funds and worked so hard in so many different ways to produce the donations on which we rely to keep the charity running well.

Not surprisingly, given the current financial climate, KASBAH has suffered a considerable reduction in the amount of charitable donation received this year. We are looking for any more good income raising ideas which you may have. If you have any bright ideas, like those above, please send them to us at the office.

If you would like to help KASBAH raise valuable funds, please contact us. We need fund raising volunteers and could even start a fund raising committee if there is enough response. And of course we will not say no to any donations from you!

Please contact Emma or Sally at the KASBAH office (Contact details Page 12)

# Volunteering Opportunities

## KASBAH CHARITY SHOP - NORTHFLEET

The KASBAH charity shop is now open four days a week! Please drop off any donations during office hours!

We need volunteers, as well as donations of clean clothes, toys and household items (NB Non-electrical). All help is greatly appreciated.

Please ring or email the office if you can assist in any way, or want more information.

## BEFRIENDER AVAILABLE - TUNBRIDGE WELLS

We have a volunteer in Tunbridge Wells who would like to befriend or visit a member who would like the support and company. If you are interested please call or email the KASBAH office.

## BEFRIENDER WANTED - ROMNEY MARSH AREA

KASBAH is looking for a befriender / friendly listening ear to visit KASBAH members in the Romney Marsh area.

If you think you can help, please contact the Kasbah Office to discuss.

# Kids' Art Studio

I run Kids' Art Studio, a weekly art group for up to 10 children (accompanied by a parent) aged 1-5 years, currently held in Faversham Children's Centre and locations in Whitstable and Bridge. I am also a Learning Disabilities Nurse and will be running a group for disabled children in Windchimes in Herne Bay. I am particularly keen to provide a group especially adapted for the individual needs of profoundly learning disabled children.

I charge £50 per session. Each hour long session generally includes plenty of painting, gluing, glitter fun and other hands-on messy activities, using recycled paper and environmentally-friendly paint and glue. I provide full length painting aprons with long sleeves, plenty of floor splash-mats and toddler-size tables and chairs, if appropriate. Each child always has artwork to take home with them, whether it's a full size painted outline of themselves, or a pirate hat and treasure chest! I offer creative, fun, messy art sessions with an educational theme.

Each week has a different theme. For example: Pirates - we made pirate hats, treasure chests and spy glasses, and painted pictures of parrots.

Aboriginal Art - we did dot painting, painted a boomerang and drew around each child on a large piece of card and painted the outline in aboriginal body art.

Weather - we painted clouds, blew paint through straws to symbolise the wind on water and put wellies on to walk in 'muddy' paint water and make footprints on card.

I feel I can offer an interesting, challenging and rewarding opportunity to children and their parents and hope to be able to work in conjunction with children's centres and other children-centred groups around north Kent.

Thank you. I hope to hear from you soon.

## KASBAH KLUB

*In January KASBAH Klub members met for their latest planning meeting.*

*Members have agreed to trial email contact over the next few months as opposed to meeting up face-to-face, to ensure that members who have a long way to travel can stay in contact with this support network. Members will contact one another via a "round robin" email starting in February, to*

*update other members on what's happening in their own lives as well as suggesting and arranging activities for all members to attend.*

*The KK welcomes new members aged 18-35 who like to socialise, go on trips and holidays and more. If you are interested in joining please contact Sally Cochran at The Hive for more information. (Details Page 12)*

## 'So Who Really Cares Anyway?' Feedback from Matthew Kyle's Article

*Thank you all for the feedback we have received regarding Matthew's very interesting article 'So Who Really Cares Anyway?' in our Nov 2008 issue, which gave an honest and open account of the failures in services which Matthew experienced.*

*We are told that more of our readers intend to respond to the article but have not yet done so. Can we please ask that you send in your responses by the end of February so that they can be collated and a summary made available for our next Newsletter in April 2009.*

*Thank you.*

# Services Available in the Medway Area

Following the recent 'Independent Living Fair' in Strood, we have listed a number of the services available to those living in the Medway area which we think will be of interest. You may wish to make enquiries from some of them. It is not exhaustive, and inclusion does not imply that any particular service is necessarily recommended by KASBAH. Let us know if you find this item useful or would like one featuring your area.

## CARERS' TELE-LINK- UP IN ASHFORD AND SHEPWAY

This is a new project for Carers' Support to be launched in the New Year. Its aim is to provide social contact & interaction to carers in the Shepway and Ashford area, without them having to leave the comfort of their own homes.

For some, caring duties do not leave them with the opportunity to get out and about to participate in social interaction. This scheme provides an accessible and friendly discussion forum in the form of a telephone conference for an hour once a week for a period of up to ten weeks at a time.

A group of about 5 carers and a host, "meet" on the phone to discuss mutual topics and interests such as books, films, cookery and so on. It is a chance for stimulating conversation, friendship and a brief escape from routine and the pressures of daily life without transport issues or a sitting service being required and at no cost to the carer.

To find out more about this amazing and fun new scheme, or to register your interest in joining it, contact Frances at:

## WHY NOT TRY POWERCHAIR FOOTBALL ?

The Gillingham Mean Machines Powerchair Football Club was started in September 2006 by Nurinder Bhohi who wanted to find something that her son could participate in and enjoy.

The sport is for people of either gender who use electric wheelchairs, and is played on a basketball sized court. Each team has four players, one of whom is the designated goalkeeper. Bumpers attached to the front of the wheelchair are used to kick and pass the ball with the object of kicking the ball across the opponents' goal line. There are strict rules governing the sport, which can be found at [www.thewfa.org.uk](http://www.thewfa.org.uk)

Club members meet fortnightly for training, at the Sports Hall at Chatham Grammar School for Girls, and for the first time the Gillingham Mean Machines are entering a team in the WFA National league in Kettering, Northamptonshire. There are two leagues, the Premier league and the Championship, with fixtures played over five weekends.

It is a really enjoyable sport that power chair users can participate in independently and also develop team working skills. The team has developed over the last two years and the players are all set to perform well in the national league.

The club is looking for more members and anyone who is interested is welcome to come and watch a training session. If you just want to come along and enjoy playing powerchair football there is no pressure to play in National League events.

## **KASBAH COMPETITIONS!**

*From this issue on, our competitions will appear less often, but if you feel strongly that you would like a competition in every issue please let us know and we will consider bringing them back on a regular basis!*

*Congratulations to the winner of the autumn newsletter word search who was Tanya Gilmurray, mother of Ryan Gilmurray aged 4. The prize was a family ticket for Aladdin at the Assembly Hall in Tunbridge Wells.*

## **NEW VOTING AGE FOR KASBAH MEMBERS ?**

*What do you think about lowering the voting age for KASBAH members from 18 to 16 ?*

*Please send your thoughts to us at the office.*

*Write, telephone or e-mail as above.*

## **PUBLIC CONSULTATION ON THE USE OF 084 TELEPHONE NUMBERS IN THE NHS**

The Government is considering banning the use of 084 numbers in the NHS because patients who use them are paying more than the equivalent cost of a local rate call to access services provided by the NHS.

However, it recognises that the extra functions offered by an 084 number can improve access to services for patients. It wishes to find out how valuable people think the enhanced functions provided by 084 numbers are, and how they might otherwise be provided without patients having to pay more than a local call rate for them.

This national consultation runs from 16 December 2008 until 31 March 2009. The internet link below will lead you to full details of the consultation process and a questionnaire. To participate in this consultation you will need to print and complete the questionnaire and return it by post to the address below:
